**W**HO WILL win the RM6,000 challenge trophy in this year's Penang City Bayview Chess League on Sunday?

After 10 weeks of competition, the Penang Development Corporation has surpassed all expectations by taking a very narrow lead in the premier "Alekhine" group of the finals.

In the penultimate round last week, the PDC scored a crucial 2½-1½ win over the strong Chung Ling High School "A" team and is now leading the field by a very slim half a point.

However, the PDC seem to have their work cut out for them in their remaining match on Sunday as they will be playing against the tail-enders in their group, Chung Ling's "B" team.

After the defeat last weekend, Chung Ling "A" have dropped into the second position. If they want a chance to win the trophy, they must do well against the Anglo Chinese School Union in the final round and hope that their "B" team can stonewall the tournament leaders.

The battle for the third position will be just as intense with the Penang Free School meeting the Chung Ling Old Boys Association.

Meanwhile, the two teams which had narrowly missed qualifying for the "Alekhine" group are comfortably placed to win their respective consolation groups. The PESSCA team is leading the "Botvinnik" group while Ban Hin Lee Bank team is ahead in the "Capablanca" group.

BHL Bank's closest rival in their group is the St Xavier's Institution team and the two teams are scheduled to meet in the final round on Sunday. However, SXI are two points behind BHL Bank and will need to win by at least a 3-1 score before they can hope to become the group champions.

# League concludes

PESSCA's opponents in the final round will be Hitachi and they only need to score a 2½-1½ result to top their group. On the other hand, the Indonesian Consulate team, which is two points behind PESSCA in the group, must blanket the MSSPP Girls 4-0 in order to retain some chances.

Latest standings: Alekhine Group — PDC 11½ points, CLHS A 11 points, PFS 9 points, CLOBA 8½ points, ACSU 5½ points and CLHS B 2½ points; Botvinnik Group — PESSCA 12½ points, Indonesian Consulate 10½ points, Universiti Sains Malaysia 9 points, Hitachi 8½ points, Hewlett-Packard 4½ points and MSSPP Girls 3 points; Capablanca Group — BHL Bank 11½ points, SXI 9½ points, National Semiconductor 8 points, MSSPP Boys 7 points, SM Sacred Hearts and Mattel 6 points each.

The Chess League is sponsored by the City Bayview Hotel in Penang and the final round will be held at the hotel's Sri Mas Room on the second floor beginning 2 pm.

Meanwhile, the challenge trophy is being unveiled this morning to the local press by the City Bayview Hotel. Royal Selangor had been specially commissioned by the hotel to make the 47cm (18½-inch) high trophy and its design had been a closely guarded secret.

The RM6,000 pewter trophy will be handed over to the winner of the Chess League at the closing ceremony on Sunday at 7.30pm.

# The Bayview Chess League

## Penang thriller

MORE than 100 enthusiasts are expected to take part in the third Penang City Bayview Chess League which begins on May 23.

Organised by the Penang Chess Association, the league will feature matches over 11 Sundays, ending Aug 1.

The sponsor, City Bayview Hotel, has agreed to contribute RM3,000, a specially-designed challenge trophy and the use of its premises as the venue for the event.

Organising chairman Ooi Gim Ewe said about 20 teams are expected to take part in this year's league. At the inaugural tournament last year, there were 12 teams.

PESSGA (the Penang Teachers' team) will be defending the title it won last year and the main challenge is likely to be Chung Ling High School, Penang Development Corporation, Ban Hin Lee Bank, Anglo-Chinese School Union, Chung Ling Old Boys' Association and Penang Free School.

Other teams expected to join the fray are the Indonesian Consulate, St Xavier's Institution, Universiti Sains Malaysia and Hitech.

The new teams coming in are MSSPP Junior Under-12, SMJK Sacred Heart, National Semiconductor, Hewlett-

Packard and Mattel.

An all-girls team from the Penang Chinese Girl High School is likely to add interest to the keen tussle.

Ooi said in view of the excellent response, PCA is offering eight cash prizes totalling RM2,400 and attractive souvenirs.

He said the league is to promote chess among the business community, government departments and institutions of higher learning, and also create more opportunities for chess players.

The league will be open only to teams which legitimately represent the public and private sectors. Except for a guest player, all the other players must be employees, students or members of the organisation they represent.

Each team is allowed to register up to eight players but only four will play in each round.

PCA has scheduled a meeting of the team managers at 8pm on May 17 at the Sri Perak Room of the City Bayview Hotel.

## Anwar: Education to go on getting top priority

**BUTTERWORTH.** The Government will not reduce its allocations for education despite its drive to cut down on expenditure.

Finance Minister Datuk Seri Anwar Ibrahim said yesterday that education projects would continue to get top priority as it

was the key to success and development.

"Other than having a good education foundation, no amount of prosperity can help us to succeed," he said when opening a student motivation course organised by the Bahai Murtajam Ummu Youth.

Anwar said wealth alone could not help one to succeed and even the children of Rulers were known to have failed in the SPM examination.

Similarly, he said, good infrastructure and facilities would not guarantee success in the absence of a sound educational background.

Based on this, Anwar said, the Education Ministry had been spared while other government agencies had been instructed to be thrifty.

He said education had always remained a top priority and would not be compromised.

He urged parents to place more emphasis on education in support of the Government's efforts to upgrade the academic standard of the younger generation.

"The Government can only plan and provide, but it is the people's attitude that decides our success," he said.

Anwar said the Government had also embarked on a programme to help rural students excel in their studies by providing them with accommodation, training and other in-house facilities.

# SCRAMBLE TO VOTE

Cambodians cast ballots in first free polls in decades

**PHNOM PENH:** More than a million Cambodians fought to cast their votes yesterday on the opening day of voting for their first internationally recognised government in decades without the feared intervention of the Khmer Rouge.

Polling in most areas went smoothly despite the boycott of the radical Khmer Rouge, officials from the UN Transitional Authority in Cambodia (Untac), which is running the election, said.

Initial voter turnout appeared to be strong in Phnom Penh, its surrounding areas, and in the electorally important province of Kompong Cham where the highest number of deputies in the new 120-member national assembly will come from.

But violent incidents closed polling stations in southern Kampot province and left two Cambodians near the Poipet border crossing to Thailand injured by artillery fire.

Enthusiastic voters pushed and shored through long lines in the capital despite drenching rain which they called a "blessing" from God, as well as in Kompong Cham province in the east and Siem Reap in the north-west.

In Kampot, about 30 Khmer Rouge guerrillas briefly detained two French legislators, commanded a UN electoral truck and stole the ballot

## Chess League takes off

**EIGHTEEN** teams are participating in the third Penang City Bayview Chess League launched by Penang State Exco member Madam Kee Phaik Cheen last Sunday at The City Bayview Hotel.

The teams will be locked in a 10-round contest which shall be played every Sunday morning until Aug 1. The City Bayview Hotel is the sponsor for the event.

Like last year's event, there is strong support from major schools in the state but a new feature of this year's championship is the unprecedented gender response from various factories. Apart from Hitachi, teams from National Semiconductor, Hewlett-Packard and Mattel are taking part for the first time.

The schools are represented by Penang Free School, Chung Ling High School (two teams), St Xavier's Institution, Sek Men Sacred Hearts and the MSSPP boys' and girls' teams.

Also joining the fray are Universiti Sains Malaysia, Anglo Chinese School Union, Chung Ling Old Boys Association, Pessca, Penang Development Corporation, Ban Hui Lee Bank and the Indonesian Consulate.

Because of the increase in the number of teams, this year's Chess League

is divided into the preliminary and final sections. In the preliminaries, participants have been separated into three groups of six teams each.

The top two teams from each group will then enter the finals and play among themselves to decide the champion while the remaining four will also be separated into two other groups for their own play-off.

In the first round last Sunday, Penang Free School led Group A after drubbing Sacred Hearts 4-0. Chung Ling OBA and the Indonesian Consulate had three points each after beating Pessca and the MSSPP Girls respectively.

In Group B, BHL Bank and Chung Ling B were leading after winning 3-1 against Hitachi and Chung Ling A respectively. National Semiconductor drew 2-2 with Mattel.

Anglo Chinese School Union led Group C after beating Penang Development Corporation 3½-½ while St Xavier's Institution edged out the MSSPP Boys 2½-½. Hewlett-Packard and USM played to a 2-2 draw.

The second round will be played on Sunday morning beginning 10.30 am at The City Bayview Hotel.
